All items that are donated to our charity partners are income tax deductible at their fair market value, provided the items are in "good used or better condition". The Internal Revenue Service code advises that "fair market value" is interpreted as the price which a buyer is willing to pay and a seller is willing to accept. Internal Revenue code places the responsibility of estimating the value upon the donor, rather than the agency receiving the gift. It is suggested that you keep a list of what you donate, along with appropriate fair value. (You may want to take a photo as well.) Additional information shall be found in IRS publication 526.

Please call us at (800) 964-4567 if you have any questions or concerns about your donation.

Thank You!
